

## Myntra Review Scrapper

### Understanding Problem Statement

1. Understanding Problem
2. Language

### Setting Up Environment

1. Anaconda, VS Code
2. GitHub

### Machine Learning Implementation

1. Data Preparation
2. Feature Selection
3. ML Algorithm
4. Testing Accuracy

### Frontent Coding

1. HTML CSS JS
2. Flask

### Mongo DB

1. Adding Data-Base
2. Web Scrapping

### Testing

1. Testing

### Deploy

1. Deploy

### Future Scope

1. NLP and Deep Learning
